

# SIGNS AND DATES

ALLAH SWT has kept the names of days as well as months and ummah of all Prophets were practicing including Ashura which was known earlier as Remembrance Day. And the year was referred by the name of event for instance, Year of appearance of comet, Permission to travel, Year of elephant and so on.

During the period of MUHAMMAD SAWS, lunar calendar was not existing and solar calendar had many discrepancies. When companions enquired about Qayamah, MUHAMMAD SAWS explained them in the same manner like, before Qayamah there will be Rising of sun from west, appearance of comet, eclipses in Ramzan, landslides, fire etc. Even MUHAMMAD SAWS ASKED ALLAH SWT, WHO (SWT) INFORMED MUHAMMAD SAWS TO TELL THAT, ALLAH SWT KNOWS ABOUT QAYAMAH - [ONLY ALLAH SWT KNOWS IS NOT MENTIONED IN ARABIC TEXT].

After 17 years of immigration, Hijri Calendar was formulated during the period of Umar (R.A) from Muharram in the year of Hijrath. Ali (R.A) who was a great Scholar and Mathematician introduced Ajam wherein 7 years are counted as 1. And told that, Mahdi (A.S) will appear in 204 Ajam ( $1428 + 23 \text{ BH} = 1450 \text{ AH}$ ). It clearly signifies that, Ali (R.A) was knowing the date of appearance of Mahdi (A.S). When Ali (R.A) was aware of the future dates, THE QUESTION OF KNOWLEDGE OF ALL EVENTS AS REGARDS MUHAMMAD SAWS DOES NOT ARISE.

Even after 1400 years, mankind has failed to formulate calendars and living with notions regarding the date of Birth of MUHAMMAD SAWS as 9<sup>th</sup>, 12<sup>th</sup> or 17<sup>th</sup> Rabi I and date of Seclusion as 12<sup>th</sup> Rabi I.

Affinity towards ALLAH'S BELOVED (SAWS) caused the formulation of calendar from 01/01/0001 CE to Infinity and 01/01/0001 BCE to Time Immemorial named as WORLD ETERNAL CALENDAR © or AMEEN CALENDAR. As a sequel, Mrs Shahwar Ameen has formulated Hijri Calendar from the date of arrival of Adam (A.S) and Hawwa (A.S) on Friday 10 Muharram 7637 BH // 15 February 6788 CE to Qayamah and named as SHAHWAR CALENDAR.

From both the calendars it is established that, the exact date of birth of MUHAMMAD SAWS as Monday 12 Rabi I 53 BH // 22 April 571 CE and date of Seclusion as 16 Rabi I 11 AH // 8 June 632 CE. EARTH DAY celebrated on 22 APRIL must be replaced by UNIVERSE DAY as universe is OF / FOR / FROM MUHAMMAD SAWS.

The Calendars found applications in finding all the dates that one can imagine which includes the signs of Qayamah. Most of the religions have faith in Doomsday and many prophesies exist. Of them the prophesy told by Prophet MUHAMMAD SAWS, 1440 years ago about the minor signs of Qayamah like smoke, tall buildings, greenery in Arab and so on are almost completed and the first major sign of Qayamah is in process. According to Hadees of MUHAMMAD SAWS;

## THE SIGNS WILL START APPEARING AFTER THE COMPLETION OF TWO CENTURIES

The first two centuries (between 1 to 100 A.H and 101 to 200 A.H) and the next two centuries (between 1001 to 1100 A.H and 1101 to 1200 A.H) are already passed. Consequently, the minor signs that had started in 1200 A.H / 1786 CE are almost completed and major signs are yet to appear.

According to Sahih Muslim chapter 13, in own words of MUHAMMAD SAWS

### THE LAST HOUR WILL NOT COME UNTIL YOU SEE TEN SIGNS

The ten major signs are - Rising of sun from west, appearance of Mahdi (A.S), emergence of Dajjal, descent of Isa (A.S), arrival of Yajooj and Majooj, Beast, landslide at east, west, Arabia and fire at Yemen.

#### (1) RISING OF SUN FROM WEST

Though many religions exist in the world, no one knows about the rising of sun from west except Islam which is mentioned in Quran about 1400 years ago. One will see words if seen through eyes whereas it is knowledge if seen through mind! Where Science ends, Quran explains!

Abdullah bin Abu Owfa reported, I heard MUHAMMAD SAWS saying; "verily a night equivalent to three of your nights will come upon people. When it comes, those who engage themselves in worship during the night will recognise it. A person will stand in prayer, read a section of the Quran and then go to sleep. Thereafter he will wake up, stand in prayer and read a section of the Quran then go to sleep. While this condition remains, the people will begin to shout, scream and call one another. They will say, what is this? with fear, they will run to the mosque. To their surprise they will see that the sun has risen from west. When it reaches the middle of sky, it will return and sets in west'. Secondly;

According to Sura Al Anam verse 158;

"The hour will not be established till the sun rises from West; and when it rises (from the West) and the people see it, they all will believe. And that is (the time) when no good will it do to a soul to believe then".

That is when becoming a believer (in Islam after witnessing this sign) will no longer be of benefit (because after the sun rises from west, ALLAH SWT will no longer accept declarations of faith\* - ibn Kathir's book Al Bidaya wa an Nihalani.

\* there is no mention of atonement whatsoever

One of the greatest signs of Truth which no other religion has a bit of information about sun rising from west is Islam. The Geographical phenomena mentioned in Holy Quran 1400 years ago proves that;

## QURAN IS THE BOOK OF ALLAH SWT

The date of Rising of sun from west can be found out from;

- (i) Prophecy of MUHAMMAD SAWS
- (ii) Holy numbers of MUHAMMAD SAWS and
- (iii) Scientifically.

(i) According to Hadees of Abu Dawood, MUHAMMAD SAWS told that;

### AGE OF MY UMMAH WILL NOT EXTEND FROM 1500 YEARS

It means that, how the days were existing during the time of MUHAMMAD SAWS, same days will last for a period of 1500 years. After that, there will be fitna of Dajjal till Mahdi (A.S) appears and after appearance, he will bring back the good old days.

According to Hadees of Ibn Majah, Ibn Khuzaimah and Ad Dhiya, attributed to Abu Umamah reports that, MUHAMMAD SAWS said;

‘There will be three hard years before the Dajjal (appears) during them, people will be stricken by a great famine. In the first year, ALLAH SWT will command the sky to withhold a third of its rain and the earth to withhold a third of its produce. In the second year, ALLAH SWT will command the sky to withhold two thirds of its rain and the earth to withhold two thirds of its produce. In the third year, ALLAH SWT will command the sky to withhold all of its rain and earth to withhold all of its produce. All hoofed animals will perish except that which ALLAH SWT Wills.

MUHAMMAD SAWS were asked “What sustains people during that time? THEY (SAWS) said, Tahlil (LA ILAHA ILLALLAH), Takbir (ALLAHU AKBAR) and Tahmid (AL HAMDU LILLAH)”. This will sustain them just as food does (Sahi Al Jami, As Saghir, No 7875). During this period, Dajjal who will have plenty of food and water make use of this situation. Those who are having total faith in ALLAH SWT, prefer to starve and the rest will be trapped by him. One can escape from fitna of Dajjal by reciting the first ten or last ten verses of Sura Al Kahf.

The age of ummah of 1500 years will get completed in 1447 AH as MUHAMMAD SAWS were born in 53 BH ( $53 + 1447 = 1500$ ). Accordingly, sun may rise from west on Friday 10 Muharram 1447 AH as important events took place on Ashura.

RISING OF SUN FROM WEST : 10 / 01 / 1447 AH : 04 / 07 2025 CE : FRIDAY

Secondly, it is proved that Mahdi (A.S) may appear in the year 1450 AH.

Subtracting three years of chaos from 1450, the year will be 1447. This year will be the year of Rising of sun from west as there will be chaos between the years 1447 and 1450. It bears testimony with the Prophecy that, the days during the period of MUHAMMAD SAWS will exist for 1500 years.

(ii) ALLAH SWT has concealed the closing year of the golden period of 1500 years of MUHAMMAD SAWS. During this, ALLAH SWT has given opportunity to accept Monotheism. Accepting Islam after witnessing miracles will not be beneficial. The date of Rising of sun can be found out from the age of MUHAMMAD SAWS, age at the time of Prophethood and year of Qayamah which may take place in 2364 AH.

Age of MUHAMMAD SAWS = 16/03/11 AH - 12/03/53 BH = 63 years and 5 days  
Age at the time of Prophethood = 27/07/13 BH - 12/03/53 BH = 39 years, 7 months and 15 days = 39.625  
Year of Qayamah = 2364 AH

$$2364 - 63 = 2301, 2301 / 63 = 36.523, 36.523 \times 39.625 = 1447$$

SUN MAY RISE FROM WEST ON FRIDAY 10 MUHARRAM 1447 AH

(iii) SCIENTIFICALLY:

The notion that, the earth which is rotating from east to west, will not rotate from west to east in fact, the North Pole of earth becomes South Pole as well as South Pole becomes North Pole and that appears as sun rising from west.

The date of rising of sun from west can be estimated by finding out the date of creation of earth. Before finding the date of earth, it is mandatory to know the date of creation of universe. Earlier to that, ALLAH SWT had created the Holy SOUL of MUHAMMAD SAWS. The Holy SOUL was praying since billions and billions of years. Accordingly it was named AL AWWAL. ALLAH SWT accorded the authority of Salvation to MUHAMMAD SAWS and named as AL AAQIR.

All the matter was compacted into a very small ball with infinite density and intense heat called a Singularity circa 13.8 billion years ago. The creation came into existence after ALLAH SWT ordered "KUN" which means 'BE 'and it "KUN FAYA KUN" means 'BECAME' due to Smoke (Duqan) which is mentioned in Sura Fussilath 41, Verse 11.

ALLAH SWT created earth and heavens with earth as centre and everything between them in six days, is evident from 7 Suras namely - Al Araf 7.54, Yunus 10.3, HUD 11.7, Al Furqan 25.59, As Sajda 32.4, Qaf 50.38 and Al Hadid 57.4.

In Sura Fussilath 41 - verses 9 to 12, ALLAH SWT Says

O MUHAMMED: DO YOU VERILY DISBELIEVES IN HIM (SWT)  
WHO CREATED THE EARTH IN TWO DAYS ?

Secondly, A sound tradition from MUHAMMAD SAWS told us by Hannad b. al-Sari, who also said that he read all of the hadith [to Abu Bakr (R.A)] - Abu Bakr b. 'Ayyash - Abu Sa'd al-Baqqal ' -Ikrimah - IBN 'ABBAS: The Jews asked HIM (SAWS) about the creation of the heavens and the earth. THEY (SAWS) said: ALLAH SWT created the earth on Sunday and Monday. HE (SWT) created the mountains and the

uses they possess on Tuesday. In other words, the measuring of sustenance was on Tuesday.

On Wednesday created light (sun), Thursday, heavens and Friday stars, angels and Adam (A.S) during the last hour between Asr and Maghrib and Noor of MUHAMMAD SAWS was infused.

The three out of eight types of motion of earth are rotation about its axis causing day as well as night, revolution around sun causing seasons and the slow rotation of axis of earth known as 'Precession'. Earth takes 25,920 years to complete one rotation known as 'Great Year'. During Great Year, ice accumulates to the maximum and causes 'Glacial Maximum' which brings calamity to living beings.

It is found out from calculations that, there will be 1,75,270 (ten times  $1031 \times 17$ ) Glacial Maximum between 16 March 4,54,29,98,400 BCE and Doomsday on Friday 15 March 2915 CE. Accordingly, the earth started functioning from 4,54,29,95,486 BCE which bears testimony with the estimated age of earth as 4.543 billion years. It is confirmed from the eternal 'Ameen Calendar' that it was Tuesday.

EARTH WAS SET ON MOTION : 16 / 03 / 4,54,29,95,486 BCE : TUESDAY

The corresponding lunar date of the existence of earth is found out from Shahwar Calendar as Tuesday the seventh day of Muharram 4,68,25,29,398 BH.

EARTH WAS SET ON MOTION : 7 / 01 / 4,68,25,29,398 BH : TUESDAY

Earth was created on Sunday as well as Monday and set on motion on Tuesday the 5<sup>th</sup> 6<sup>th</sup> and 7<sup>th</sup> Muharram, Sun on Wednesday the 8<sup>th</sup> Muharram, heavens on Thursday the 9<sup>th</sup> Muharram and stars on Friday the 10<sup>th</sup> Muharram.

THE CREATION WAS COMPLETED ON FRIDAY - THE ASHURA DAY

The Zodiac sign between February 19 and March 20 is Pisces (two fishes living in water) which represents life cycle and reproduction which bears testimony with the verse 36 of At Taubah that;

THE HEAVENS AND EARTH ARE CREATED IN SIX DAYS

CREATION : 10 / 01 / 4,68,25,29,398 BH : 19 / 03 / 4,54,29,95,486 BCE : FRIDAY

Earth consists of solid iron core surrounded by a fluid ocean of molten iron. The motion of molten iron causes electric current which in turn produces magnetic field. The magnetic field appears as if a bar magnet is placed at its centre having Geographic North Pole towards Magnetic South Pole and Geographic South Pole towards Magnetic North Pole. Over a period of 7,80,000 years, the polarity reverses wherein North Pole becomes South Pole and South Pole becomes North Pole known as 'swapping or flipping' of poles.

It is found from calculations that, polarity has changed 5824.5 times every 7,79,980.687 years since the creation of earth which bears testimony with the estimated period of 7,80,000 years.

$$7,79,980.687 \times 5824.5 = 4,54,29,97,511$$

$$4,54,29,97,511 - 4,54,29,95,486 = 2025$$

Accordingly, the 5825<sup>th</sup> change of polarity may take place on Friday 4 July 2025 CE as the condition of earth at the time of creation was half the period of 7,79,980.687 years.

RISING OF SUN FROM WEST : 04 / 07 / 2025 CE : FRIDAY

LUNAR DATE:

$$80,440.8878 \times 5824.5 = 4,68,25,27,951$$

$$4,68,25,29,398 - 4,68,25,27,951 = 1447$$

Accordingly, the 5825<sup>th</sup> change of polarity may take place on Friday 10 Muharram 1447 AH.

RISE OF SUN FROM WEST : 10 / 01 / 1447 AH : FRIDAY

The minor signs of Qayamah which had started in 1200 AH / 1786 CE will get completed before sun rises from west. Among the ten major signs of Qayamah, rising of sun from west will be the first and remaining are - appearance of Mahdi (A.S), appearance of Dajjal, descent of Isa (A.S), arrival of Yajooj and Majooj, emergence of beast, landslides in east, landslides in west, landslides in Arabia and the fire that would burn forth from Yemen and would drive people to the place of their assembly.

The earth orbits the sun in an elliptical path. Accordingly there are two points in the orbit where the earth is close (perihelion) and far (aphelion) from sun. ALLAH SWT being merciful, will flip the poles when the earth is far from sun. Usually in the first week of January it will be perihelion and first week of July aphelion. It is found out that, aphelion will be on 4 July 2025 which bears testimony with the findings.

Hadees about chaos of three years before appearance of Mahdi (A.S), culmination of 1500 years, mathematical proof, swapping of poles, Ashura, Friday and aphelion on 4 July 2025 cannot be a coincidence but confirms the research.

The magnetic field extends from earth's interior into space and protects from the harmful radiations of sun. Without a magnetic field or with a significantly reduced one will cripple the present day technology effecting satellites, global telecommunication facilities, avionics, GPS, GPRS, navigation, computers, televisions, mobile phones, radio above all electricity. The climate changes drastically and causes health issues including cancer. Eventually, modern life changes to ancient. In fact, this is the meaning of Hadees which says that, THE DAYS OF MUHAMMAD SAWS WILL COME BACK.

It is observed by senior citizens that, time is passing fast. And it is proved that, it is happening since 1983. In fact, a year becomes month, month a week, week a day, day a hour, hour a minute and minute like one gust of wind. In this way, time passes for a Momin whereas it remains the same for unfaithful.

The sun rises from west in 2025 but its effects will start much earlier. Precisely, it will start from grounding of planes to powerless nights well before 2025. In fact, it is mandatory as the olden days should come and fulfil the Prophecy.

## (2) APPEARANCE OF MAHDI (A.S)

MUHAMMAD SAWS kept the name 'Mahdi' by hiding his mother's name within. It was named by taking Meem and Hay from names like 'Mehar', Mehnaz etc and Daal and Yee from Didi (baby). Accordingly, Mahdi (A.S) will be the baby of Bibi Mehar. In other words. the mother's name of Mahdi (A.S) may be Bibi Mehar or alike. And father's name could be Kareem, Raheem (Names of ALLAH SWT) etc. wherein the last two letters Yee and Meem are placed at the end and start of Mahdi. His name will be similar to the name of MUHAMMAD SAWS like - MUHAMMAD, AHMED, AMEEN and so on. From prophecies of Buddha and Nostradamus, it is evident that, Mahdi (A.S) will be from Bangalore surroundings and birth has taken place on Thursday 18 November 1954.

Mahdi is 'He whom ALLAH SWT shall make manifest'. And the meaning of Manifest is exhibit. Accordingly, the person who is going to be Mahdi has name like Mazhar, Wakeel or similar - in shaa ALLAH

MUHAMMAD SAWS said:

"ALLAH SWT will bring out from concealment Mahdi from MY PROGENY before the day of judgement even if only one day were to remain in the life of the world and he will spread on this earth justice as well as equity and eradicate tyranny and oppression".

"Before the rise of Mahdi, a caller from the heavens will call out the name of Mahdi, that would reverberate in all regions of the world".

According to Hadees of MUHAMMAD SAWS:

MUHAMMAD SAWS said when Ramzan begins on Friday night, on the middle of the night of 15<sup>th</sup> Ramzan (Friday) there will be Hadda (sound of blast) from the sky which will awake the sleep, alarms the awake and the noble ladies will come out from their seclusion. The blast causes death and deafness to thousands. The first of Ramzan there will be lunar eclipse and solar eclipse will be on fifteenth Ramzan.

According to astronomical observations, lunar eclipse will be on Friday night between 11<sup>th</sup> and 12<sup>th</sup> January 2028 CE (1<sup>st</sup> Ramzan 1449 AH) and solar eclipse on Friday night between 25<sup>th</sup> and 26<sup>th</sup> January 2028 CE (15<sup>th</sup> Ramzan 1449 AH).

After double eclipse in the month of Ramzan a comet (Star with luminous tail) will appear from east which signifies war and chaos. When this comet had emerged earlier, the people of Prophet Noah (A.S) had perished, Prophet Ibrahim (A.S) was cast into fire, Pharaoh and his people who fought against Prophet Moosa (A.S) perished and Prophet Yahya (A.S) passed away (Kitab al fitun and [banglajol.info](http://banglajol.info)).

It is discovered recently (12 May 2019) that a planet bursting comet could crash into earth on Thursday / Friday night of 29<sup>th</sup> April 2027 CE (22 Zul Qaida 1448 AH) which can wipe out a city (The Sun, a UK news company).

MUHAMMAD SAWS said, "After Hadda in Ramzan there will be turmoil in Shawwal, the nations will form groups in Zul Qaida and blood will be spilled in Zul Hajja. In Muharram, its beginning is calamity on MY umma and its end is a relief".

The prophesy of MUHAMMAD SAWS, revelation of Danial (A.S), rising of sun from west, appearance of comet in 1448 AH, double eclipse in Ramzan of 1449 AH and reduction of population to 1/3<sup>rd</sup> by virus, earthquakes as well as wars, Mahdi (A.S) may reappear on Ashura of 1450 AH / Friday 2<sup>nd</sup> June 2028 CE as most of the Prophets and Messengers had born on the same day.

APPEARANCE OF MAHDI (A.S) : 10 / 01 / 1450 AH : 02 / 06 / 2028 CE : FRIDAY

Between 2025 and 2028 there will be famine as well as utter chaos. It is proved that, Mahdi (A.S) may get Enlightenment on Friday 26 June 2026 and conquer the whole world by 2035 - in shaa ALLAH

### (3) EMERGENCE OF DAJJAL

In Islamic eschatology, the meaning of Dajjal (False Messiah / Adonikam / Antichrist) is deceiver who will appear after the advent of Mahdi (A.S) during end times. He would rule the world, perform miracles and proclaim to be God. The sign of arrival of Dajjal, according to Sunan abi Dawud 4294, narrated by Mu'adh ibn Jabal;

MUHAMMAD SAWS SAID; "THE FLOURISHING STATE OF JERUSALEM WILL BE WHEN YATHRIB IS IN RUINS, THE RUINED STATE OF YATHRIB WILL BE WHEN THE GREAT WAR COMES, THE OUTBREAK OF THE GREAT WAR WILL BE AT THE CONQUEST OF CONSTANTINOPLE AND THE CONQUEST OF CONSTANTINOPLE WHEN THE DAJJAL COMES FORTH. MUHAMMAD SAWS STRUCK THEIR (SAWS) THIGH OR THEIR (SAWS) SHOULDER WITH THEIR (SAWS) HAND AND SAID- THIS IS AS TRUE AS YOU ARE HERE OR AS YOU ARE SITTING."

The last saviour in Islam is Mahdi (A.S), in Christianity Isa (A.S) or Christ and Jews Adonikam or Antichrist. The date of appearance of Antichrist can be found out by finding the dates of Christ as it is evident that, Isa (A.S) along with Mahdi (A.S) will kill him.

Isa (A.S) is related to both Islam as well as Christianity and the name of MUHAMMAD SAWS is mentioned in Holy BIBLE and name of Isa (A.S) is mentioned 25 times in Holy QURAN. The exact DATES OF BIRTH and CRUCIFIXION can be found out by the references found in ISLAMIC LITERATURE, GOSPELS, AMEEN CALENDAR SHAHWAR CALENDAR, SOLSTICE, HALLEY'S COMET, LUNAR ECLIPSE, EARTHQUAKE, FRIDAY THE 13 and April Fool Day.

It is evident from Islamic sources that, Isa (A.S) was BORN ON FRIDAY in fact, all the extraordinary events took place on the same day. Secondly, all the events for instance, the creation of universe, Prophet Moses and Israelites were saved from Pharaoh, Prophet Noah's ark came to rest on mount Judi, curing of the disease of Prophet Job, Prophet Jonah came out from the fish, Prophet Jacob got sight, Prophets Solomon and David became kings, JESUS WAS BORN AND RAISED TO HEAVEN, the grandson of Prophet MUHAMMAD SAWS was martyred etc. were took place on "TENTH DAY OF THE FIRST LUNAR MONTH" known as "DAY OF REMEMBRANCE".

The first month in a lunar year is 'MUHARRAM.' Many important events had taken place on its tenth day. Consequently people were "CELEBRATING" this day as 'DAY OF REMEMBRANCE' since time immemorial. The Day of Remembrance was replaced by "LAST DAY OF MUHARRAM" since the martyr of Grandson of MUHAMMAD SAWS on Monday the 11<sup>th</sup> October 680 CE.

Many Islamic books and links are available about JESUS. It is mentioned in 'The Muslim Jesus' that:

JESUS WAS BORN AS WELL AS RAISED TO HEAVENS  
ON THE LAST DAY OF MUHARRAM

The followers of different Prophets had different calendars. The Hijri Calendar came into existence from the year 622 CE during which MUHAMMAD SAWS migrated from Holy Makkah to Holy Madeena.

0 1 / 0 1 / 0 0 1 H : 1 9 / 0 7 / 6 2 2 C . E . : F R I D A Y

According to Shahwar Calendar, the Last Day of Muharram took place on Friday 22 December 12 BCE. And research in Astronomy has proved that, Halley's Comet had appeared in 12 BCE which substantiates that Isa (A.S) was born in 12 BCE. And the same was considered as 'STAR OF BETHLEHEM'. Secondly, the appearance of a heavenly object and the fall of Last Day of Muharram on Friday 10<sup>th</sup> Muharram 652 BH confirms in Ameen Calendar as Friday 22 December 12 BCE. Consequently, Friday the Last Day of Muharram in 12 BCE is CONFIRMED DATE that, the son of Saint MARY was born.

DATE OF BIRTH : 22 / 12 / 0012 BCE : F R I D A Y  
JESUS AND SOLSTICE ARE WELL RELATED SINCE CENTURIES  
THE WINTER SOLSTICE ON THIS DAY  
AND THE LONGEST NIGHT ON 22 DECEMBER PROVES THE RESEARCH

Isa (A.S) started preaching and shown many miracles during its first year. The second year was the 'year of popularity' in which he became Messiah of many. And third year was the 'year of opposition' as he faced strong opposition from the enemies. The following two months, opponents planned to eliminate by accusing him as anti government.

By intuition, Isa (A.S) was well aware of his future in fact, told his disciples seven Sundays earlier that, 'The glory of kingdom will indeed come and it will be seen before the disciples die.' And the dates of seven Sundays according to Ameen Calendar are 27/3/33, 20/3/33,13/3/33,6/3/33,27/2/33,20/2 /33, and 13/2/33. On Sunday 6/2/33, Isa (A.S) informed disciples about his death.

It is evident from all the four Gospels that:

### CHRIST WAS RAISED ON THE NIGHTFALL OF FRIDAY

It is well known that, Isa (A.S) was 'dramatically' crucified on the nightfall of Friday the 14<sup>th</sup> of a lunar month and Resurrected on the following Sunday which is celebrated as GOOD FRIDAY and EASTER respectively. And it is confirmed from Gospels that:

### JESUS WAS RAISED TO HEAVENS ON FRIDAY THE 14 NISAN AND RESURRECTED ON THE FOLLOWING SUNDAY

It is evident from Shahwar Calendar that, Friday 13 Nisan took place in the eighth month called Shaban (means separation in Arabic) in the year 607 BH. In fact, Nisan is the sixth month in christian calendar in which there were only ten months in a year. In lunar calendar, 13 Nisan will be till evening and it is 14 Nisan from sunset onwards. Friday the 13 Nisan 607 BH corresponds to 1<sup>st</sup> April 33 CE in Ameen Calendar.

Research in astronomy has proved that, there was lunar eclipse on Friday 1<sup>st</sup> April 33 CE which substantiates that, Isa (A.S) was crucified on the same date. The occurrence of lunar eclipse on a Friday which was the 14<sup>th</sup> night (full moon) in the month of 'SEPARATION' confirms that Isa (A.S) was crucified on the evening of Friday 14/8/608 BH or Friday 1<sup>st</sup> April 33 CE. There is a possibility that, the followers of Devil might have made fun of Isa (A.S) and over a period of time, April fool has originated.

### C R U C I F I X I O N : 01 / 04 / 33 CE : F R I D A Y

The Antichrist is represented by the number 666. Number 7 implies perfection whereas 6 imperfection. It is usually associated with enemy of ALLAH SWT. Repeating the same number thrice stresses a matter. Accordingly, 666 powerfully emphasise 'Opposition to ALLAH SWT'.

To find the date of arrival of Antichrist, multiply 666 by 3 and add to the date of crucifixion of Isa (A.S).

666 x 3 = 1998, 01/04/33 + 1998 = 01/04/2031

EMERGENCE OF DAJJAL : 01 / 04 / 2031 C E : TUESDAY

The corresponding lunar date will be 8 Zul Haj 1452 AH which is the starting date of Haj. Appearance on this day bears testimony with the fact that, Dajjal is meant to oppose ALLAH SWT. The sum of 1+4+2+3+1 = 11 which signifies clash for supremacy. Secondly, 8+1+2+1+4+5+2 = 23, 2+3 = 5 which indicates calamities.

In shaa ALLAH, Dajjal will appear on Tuesday 1 April 2031 CE and Isa (A.S) along with Mahdi (A.S) will kill him after arriving on Saturday 1 April 2034 CE. The favourite days of MUHAMMAD SAWS are Sunday, Monday and Thursday whereas Wednesday is associated with THEIR (SAWS) health. Friday is a very auspicious day as important events had taken place and on Saturday the soul of Isa (A.S) was raised to heaven. And Isa (A.S) is going to appear on the same day. The leftover day is Tuesday during which the first murder on earth had taken place. And at the end times, Dajjal will appear on the same day.

#### (4) DESCENT OF PROPHET ISA (A.S)

The revealer of future mysteries Danial (A.S) mentions in 'Book of Daniel' chapter 8, verse 14 that;

UNTO TWO THOUSAND AND THREE HUNDRED DAYS  
THEN SHALL THE SANCTUARY BE CLEANED

In Injeel (chapter 14, verse 34), the days are presented as years. Consequently, the sanctuary will be cleaned after 2300 years. Bait al Muqaddas (sanctuary) was under Persians from 539 BCE till 333 BCE as Alexander took over in 332 BCE. According to Danial (A.S), Bait al Muqaddas will be cleaned from infidels by Prophet Isa (A.S) after 2300 years. 2300 years from 333 BCE will be 2034 CE. Prophet Isa (A.S) will descend on the same date of crucifixion on Ashura day which was the day of crucifixion known as 'April Fool day' (Friday evening of 01/04/33 CE). Since Ashura day coincides with the April Fool day of 2034 CE, it is concluded that Prophet Isa (A.S) may descend on Saturday 10<sup>th</sup> Muharram 1456 AH (01/04/2034 CE) and takeover Khilafath after Mahdi (A.S) completes 6 years of Khilafath.

DESCENT OF PROPHET ISA (A.S) : 10/01/1456 AH : 01/04/2034 CE :  
SATURDAY

#### (5) ARRIVAL OF YAJOOJ AND MAJOOJ

Yajooj and Majooj are two tribes of people from the land of Turks. They are children of Prophet Adam (A.S) like us but monstrous by nature. In Sura Al Kahf, ALLAH SWT narrates the story of a righteous king known as Zul Qarnain who used to travel a lot - once he came across a nation who could hardly communicate with him but managed to complain that Yajooj and Majooj are destroying their crops. The king made an incredibly strong wall between the two mountains thus blocking the way to come out.

One day, MUHAMMAD SAWS awoke from sleep with a flushed red face and said "LA ILAHA ILLALLAH" thrice. 'Woe to the Arabs from the evil drawn near. Today a gap has been made in the wall of Yajooj and Majooj'.

Yajooj and Majooj excavate the wall each day until when they are just to penetrate it, their leader says 'go back so that you can penetrate it tomorrow'. But ALLAH SWT makes it, as it was. When the Last Hour reaches their leader says 'go back so you can penetrate it tomorrow IF ALLAH SWT WILLS' and the next day they emerge out through the wall.

Yajooj and Majooj will swarm in the land and keep causing destruction. After killing thousands of people, they even shoot their arrows into the heavens so they return dyed with blood. Not one of them will die before leaving behind thousands of their offspring.

ALLAH SWT will inform Prophet Isa (A.S) of the coming of Yajooj and Majooj and their activities. Prophet Isa (A.S) will make dua to ALLAH SWT to destroy them. ALLAH SWT order him to seek refuge in a mountain along with the believers and send insects which will get attach to their necks and they will all die.

ALLAH SWT does everything by measurement is evident from Quran. It is evident from the dates found out that, signs of Qayamah will take place after every three years for instance, sun will rise from west on 4 July 2025, Mahdi (A.S) will appear on 2 June 2028, Dajjal on 1 April 2031 and Isa (A.S) on 1 April 2034 accordingly, Yajooj and Majooj will arrive after 3 years on Friday 10 Muharram 1459 AH // 26 February 2037 CE. ALLAH SWT fulfil the prayers of Isa (A.S) and eliminate Yajooj and Majooj - in shaa ALLAH

ARRIVAL OF YAJOOJ AND MAJOOJ : 10/01/1459 AH : 26/02/2037 CE : FRIDAY

#### (6) ARRIVAL OF BEAST

According to Hadees of MUHAMMAD SAWS (Muslim, Abu Dawood), Beast will emerge from outskirts of Makkah in the forenoon which refers to the middle of the duration between sunrise from west and Qayamah (10/01/1447 AH // 04/07/2025CE and 10/01/2364 AH // 15/03/2915 CE). It is proved that, it will emerge on Thursday 10 Muharram 1904 AH // 26 November 2468 CE - in shaa ALLAH

ARRIVAL OF BEAST : 10/01/1904 AH : 26/11/2468 CE : FRIDAY

## (7, 8, 9) LANDSLIDE AT EAST, WEST AND ARABIA

MUHAMMAD SAWS said, the signs will take place one after the other like the beads of a string. Scientifically the beads will fall in equal intervals of time. The duration between signs can be found out from the Holy Abjad Number 92 of MUHAMMAD SAWS. Accordingly, landslides will take place after every 92 lunar years between the emergence of Beast and Qayamah. They may take place at east on Tue 10 Muharram 1996 AH // 28/02/2558 CE, west on Sat 10 Muharram 2088 AH // 05/06/2647 CE, at Arabia on Tue 10 Muharram 2180 AH // 08/09/2736 CE

LANDSLIDE AT EAST : 10/01/1996 AH : 28/02/2558 CE : TUESDAY  
LANDSLIDE AT WEST : 10/01/2088 AH : 05/06/2647 CE : SATURDAY  
LANDSLIDE AT ARABIA : 10/01/2180 AH : 08/09/2736 CE : TUESDAY

## (10) FIRE AT YEMEN // DOOMSDAY

The fire that would burn forth from Yemen and drive people to the place of their assembly at Arafat itself is called Doomsday which will take place after 92 lunar years from landslide at Arabia on Friday 10 Muharram 2272 AH // 12/12/2825 CE - in shaa ALLAH

DOOMSDAY : 10/01/2272 AH : 12/12/2825 CE : FRIDAY

## JUDGMENT DAY // LAST HOUR

MUHAMMAD SAWS replied to companions for having asked about Last Hour that, the duration between Asr and Magrib is the time left out for it to happen. It is known that, there will be 3 hours of difference between Asr and Magrib which is about quarter of a day of 12 hours. It means three fourths of time is concluded and one fourth is left out. Conversely, in 10,000 years, 7500 years are completed and 2500 years are remaining. It is proved that, Adam (A.S) had landed on Friday 10 Muharram 7637 BH accordingly, 10 Muharram 2364 AH will be the date of Judgment Day - in shaa ALLAH

Secondly, according to the analogy of beads, Judgment Day will take place after 92 lunar years from fire at Yemen on 10 Muharram 2272 AH // 12/12/2825 CE. It will be on Friday 10 Muharram 2364 AH // 15 March 2915 CE - in shaa ALLAH

Scientifically, the constellations appears slowly rotating around the earth in fact, the earth is rotating. Earth rotates once a day around its rotational axis. Due to gravitational forces of sun and moon, the axis itself rotates (wobbles) called as 'precession' and completes one rotation in 25,920 years known as "Platonic Year". During this period the ice reaches its maximum and causes 'Glacial Maximum'. It occurs every 25,920 years and the living things suffered untold misery during the previous one which had occurred around 2300 BCE. The next Glacial Maximum will occur in the year (around 23000 BCE - 25,920) = (around 2920 CE) which bears testimony with the finding of the date of Judgment Day.

The duration between landing of Jin and landing of Prophet Adam (A.S) was 2000 lunar years. And the duration between landing of Prophet Adam (A.S) and Judgment Day will be 10,000 lunar years thus completing 12 millenniums. ALLAH (SWT) Willing, Judgment Day for both mankind as well as Jinn may take place on the very first day of the 13<sup>th</sup> millennium on Friday 10 Muharram 2364 AH or 15 March 2915 CE.

JUDGMENT DAY : 10 / 01 / 2364 AH : 15 / 03 / 2915 CE : F R I D A Y

MUHAMMAD SAWS ARE AL AWWAL AND AL AAQIR AS EACH AND EVERYTHING WAS CREATED FROM THEIR (SAWS) NOOR AND THEY (SAWS) WILL ACCORD SALVATION TO UMMA BEFORE THE FOLLOWERS OF ALL PROPHETS
