The first paternal cousin of Prophet Muhammad (PBUH) was born to Hazrath Abu Talib and Hazrath Fathima bint Asad , thirty years after Prophet's birth year (elephant year) on 13 th Rajab 23 BH inside the Holy Kaaba .The corresponding solar date in my calendar is Friday the 26th September 600 CE.

DATE OF BIRTH : 13.07.23 BH : 26.09.600 CE : FRIDAY

The Holy mother named the child as Hyder (means lion) and Prophet (P) kept his name as Ali (R) , as directed by ALLAH (S) and adopted him . He was very brave and thirsty of knowledge since childhood.

The Beloved Daughter of Prophet (P) was born , about five years before the Holy Quranic Revelations and during the reconstruction of Sacred Kaaba on 20 th Jamadi II 19 BH at Makkah . Under the blessed shadow of Prophet (P) , both Ali (R) and Fathima (R) grew into moral characters . At the age of ten , Ali (R) embraced Islam immediately after the declaration of Prophethood in the year 13 BH , and became the first man to declare that,

“ THE CREATOR (S) IS ONE AND MUHAMMAD (P) IS HIS MESSENGER ”

He grew into a noble warrior but with a humble heart filled with love for ALLAH (S) and His Messenger . He was known for courage , honesty , generosity , kindness and unswerving devotion to Islam . He was the best embodiment of Prophet's instructions.

After learning everything about Islam , Fathima (R) translated every Holy Quranic verses into actions and was the model of Prophet's (P) teachings among women . The virtues of the princess of the House of Prophet (P) gained her the title “ AZ ZAHRA “ (LADY OF LIGHT).

Ali (R) lost his father Abu Talib in the year 4 H and in the same year , Bibi Fathima lost her mother Khatija al Kubra - the dearest spouse of Prophet (P) and the first woman to declare that “ THE CREATOR (S) IS ONE AND MUHAMMAD (P) IS HIS MESSENGER ”, on Friday the 10 th Ramzan 4 BH (07.05.619 CE) and Prophet (P) called the year as Aamul Hazn (year of grief).

The New Alliance of Prophet (P) "ISLAM" was propagated far and wide by Ali (R) and companions . Most of the ight thinking people accepted and the remaining became blood thirsty and planned to kill Him (Nawooz Billa) . All his was revealed to Muhammad (P) and Hijra (emigration) was recommended. Prophet (P) left ah on Friday the 27 th Safar and later Ali (R) along with all family members reached Madeena on Friday the 12 th abi IH (53 rd Birthday of Prophet Muhammad (P) / 27.09.622 CE).

HIJRI CALENDAR : 01.01.001 H : 19.07.622 CE : FRIDAY

The first and foremost aim of the Prophet (P) was to construct a Mosque , and it was fulfilled with the alliance of Ali (R) , Ansar (residents of Madina) and Sahaba (Companions). Prophet (P) performed the marriage of Ali (R) and Bibi Fathima (R) in the first week of Zilhaj 2 H. It is evident from my calendar that, it might have taken place on Friday the 6 th Zilhaj 2H.

DATE OF MARRIAGE : 01.12.02 H : 28.05.624 CE : FRIDAY

The progeny of Prophet (P) was continued by Ali (R) and Fathima (R) . The descendants are given the honorific title " SYED " (Lord or Sir) for males and " SYEDA " for females . The progeny of males remains as Syed , while females are given the title " SHAREEF " (NOBLE).

The child resembled his Grand Father and Prophet (P) said , " He has My form and My nobility".

The second child was born on 4 th Shaban 4 th Hijri . The corresponding solar date is 13 th January 626 CE .

The Prophet (P) was joyous after hearing the news , but was distressed on seeing him as , He was AWARE of the oppression , the child would face and the hardships he would endure till Marytrdom . He named him as Husayn (R) , as directed by ALLAH (S) , performed sacrifice and gave alms after reading Azan and Iqama . The Prophet (P) said , " he will have My generosity and My bravery " and " Husayn is from Me and I am from Husayn "

The first female child was born on 5 th Jamadi I 05 H . The corresponding solar date is 6th October 626 CE .

DATE OF BIRTH : 18.03.09 H : 09.07.630 CE : FRIDAY Prophet (P) named the child as Umme Kulsum and performed the same.

Under the blessed shadow of Prophet (P) , all the children received the training from the most blessed parents on earth.

Ali (R) witnessed the rise of Islam , Da'wa of Muhammad (P) and fought all his life , so that the word of ALLAH (S) would be Supreme . He was the bravest man that History could recite . The battles of Badr (17 Ramzan 2 H) , Uhud (7 Shawal 3 H) and Khandaq (Ahzab) in 4 H were fought in defence of Islam . The battle of Hudaibia was ended in a treaty which was scribed by Ali (R) himself in the year 5 H and the battle of Khyber was won in 6 H . Apart from being brave , he had good knowledge of mathematical calculations and was very learned. One of his famous sayings was

“ IF YOU DIE , THEY SHOULD WEEP FOR YOU AND IF YOU LIVE , THEY SHOULD LONG FOR YOU ”

Fathima (R) proved herself as the perfect wife and dear mother to all her children apart from being the beloved daughter. She was devoted to her Father, even after the marriage. Bibi would go to Mosque to participate in prayers with all females. And the affection was so much that, even during wars, she used to be with the dearest Father and took care of the injured. The Holy Father presented a invaluable gift “TASBEEH” to the learned daughter – To recite 33 times SUBHAN ALLAH, 33 times ALHAMDULILLAH and 44 times ALLAHU AKBAR”, popularly known as “TASBEEH OF FATHIMA (R)”.

The Holy Kaaba was conquered peacefully on Friday the 20 th Ramzan 8 H . The corresponding solar date is 8 th January 630 CE .

CONQUEST OF KAABA : 20.09.08 H : 08.01.630 CE : FRIDAY After the peaceful victory , Prophet (P) appointed Ali (R) as Governor of Madina and was promised as “ONE IN TEN IN PARADISE” . And the battle of Hunain was won in the same year.

Prophet (P) performed Hajjatal Wida with Ali (R) and companions on Friday the 9th Zilhaj 10 H (09.03.632 CE). While returning Prophet (P) stayed at Ghadeer Khum (18 Zilhaj 10 H) and ordered everybody to address Ali (R) as “AMEERUL MOMINEEN” henceforth.

After returning from Makkah , Prophet (P) summoned Fathima (R) and informed her that “ He would leave this world soon “ and fell ill , which made her miserable . Unfortunately the dearest Father Secluded on Monday the 16th Rabi I 11 H , after living for 63 years and 4 days (lunar) / 61 years , 1 month and 19 days (solar) / 22331 days in this world . It affected her very much and she was sad as well as grief stricken and wept her heart out , crying all the times . In one of her dreams , Father appeared and informed that “ DO YOUR SAHRI WITH YOUR FAMILY AND HAVE IFTAR WITH ME “ . The symbol of womanhood in Islam , served her family the next day and breathed her last in the evening on Monday the 14th Jamadi I 11 H , after living for 28 years , 11 months and 12 days (lunar) / 28 years and 1 month (solar) / 10,259 days in this world . The corresponding solar date is 27th August 632 CE .

DATE OF VISAAL : 03.06.11 H : 27.08.632 CE : MONDAY

The next 25 years , between 11 H and 35 H , Ali (R) took care of the welfare of the citizens of Madina and conquered Egypt as well as Persia along with Hasan (R) and established the Muslim World . Though the kingdom was made rich , the family of Ali (R) , remained poor as before . The two sons along with father formed a Trust and helped the poor and needy . Meanwhile the hypocrite and enemy of Ali (R) and sons , Muawiya became the Governor of Damuscus in 1H .

During these years between 11 H and 35 H , Hasan (R) and Husayn (R) were the best of all people worshipping ALLAH (S) and refraining from the life in this world . They performed Haj on FOOT , 25 and 24 times respectively . Both were married and had children . One of the sayings of Hasan (R) was “ BE AS IF YOU ARE GOING TO DIE TOMORROW ” . And the famous quote of Husayn (R) was “ THE THREE ORNAMENTS OF A MAN ARE – KNOWLEDGE ASSOCIATED WITH INTELLIGENCE, WEALTH ACCOMPANIED WITH GENEROSITY AND POVERTY ALLIED WITH PATIENCE ” . And PROPHET (P) once said that “ HASAN (R) AND HUSAYN (R) ARE CHIEFS OF YOUTH OF PARADISE ” . Both were teaching for males / those who were converted to Islam, whereas sisters Zaynab (R) and Umme Kulsum (R) were teaching for females / those who converted to Islam.

In the year 35 H , Ali (R) was made Khalifa for which Muawiya denied his acceptance and started preparations for war . Battle Jamal (camel) was fought between Muawiya and Ali (R) , for which even Husayn (R) joined the elder brother for the first time . The battle was won by Ali (R) and sons and Kufa (Iraq) was made capital (in place of Madina) , as it was centrally located to the Muslim World.

The battle Siffin was fought by Muawiya against Ali (R) and sons and Muawiya was successful in capturing Egypt and Syria from the Muslim World . The third battle Nehrwan was fought against kherijites and as usual , Ali (R) and sons won . Muawiya and the kharijites could not accept the defeat and hatched a plan to kill Ali (R) {Nawooz Billa}.

In the year 40 H, Ali (R) was assassinated by kharijite Abdul Rahman bin Muljam Al Maradi (may ALLAH curse him) on 19th Ramzan , during the Fajr prayers , just after the rising from the second sajda of the second Rakath , inside the Mosque at kufa on Monday the 21st Ramzan . The corresponding solar date is Monday the 28th January 661 CE . The “ LION OF ALLAH “ died a Martyr after living for 62 years , 2 months and 8 days (Lunar) / 60 years 4 months and 2 days (solar) / 22,040 days in this world

DATE OF SHAHADAH : 21.09.4 H : 28.01.661 CE : MONDAY

Hasan (R) succeeded his father and became Khalifa for which Muawiya condemned and declared war . The confrontation demanded a treaty rather than blood and Hasan's (R) victory lay in the preservation of those faithful muslims whose premature death would have extinguished the light of Islam . After the Peace treaty Hasan (R) went to Madina and started teaching Holy Quran and knowledge of truth and Deen to all seekers of truth that come to him.

One of the conditions of the teaty was that “Muawiya should not designate anyone as his successor. But Muawiya had the intention of keeping the power in his family and nominted his “So Called” son Yazid (born to a slave of Muawiya), which demanded that Hasan (R) should predecease him . Consequently Muawiya bribed the wicked wife of Hasan (R), Ju'da bint Ash'ath and she poisoned the Grandson of Prophet (P) on 28th Safar 50 H. Hasan (R) lived for 46 years 5 months and 13 days (lunar) / 45 years and 24 days (solar) / 16,461 days in this world.The corresponding solar date is Monday the 28th March 670 CE.

DATE OF SHAHADAH : 28.02.50 H : 28.03.670 CE : MONDAY

Husayn (R) became the khalifa in the year 50 H , for which Muawiya denied his allegiance , instead he nominated his son Yazid to be the successor . Muawiya died in Rajab 60 H and Yazid became the Kahalifa and demanded allegiance from Husyan (R).

Husyan (R) was left with only two options - one to accept his nomination or else face the dire consequences , Husyan (R) preferred the second and left Madina to Makkah and wanted to perform Haj , but changed to Umra as the people of Yazid wanted to kill in Holy Haram itself.

On 8th Zilhaj , Husyan (R) left Makkah and wanted to go to Kufa , but the army of Yazid deviated the route towards Karbala thus , started the “ Journey of Destiny “. The caravan consisting of 72 (18 family members , 40 old and 13 children including 6 months old) reached a place after 22 days on 2nd Muharam . Husayn (R) asked the name of the preplid as Karbala . Husyan (R) said “ it is not karbala , but it is kerbin wa bala (place of torture or pain).

The army of Yazid consisting of 10,000 (cowards) reached karbala and stopped water supply on 7th Muharram . On 9th , the army moved forward to attack , for which Imam took one day's time to pray ALMIGHTY . The next morning , Ali Akbar gave Azan and all of them performed the fajr prayers.

The attack (encounter) started on the helpless and all the companions along with children were killed until Husayn (R) was left alone. All the soldiers were hesitant to attack the Imam until Shamar bin Thi Al joshan (may ALLAH curse him) threw his spear and after injuring, he beheaded the grandson of Prophet (P). Husayn ® lived for 56 years 5 months and 6 days (lunar)/54 years 8 months and 28 days (solar)/19,996 days in this world. The corresponding solar date is 11 th October 680 CE.

DATE OF SHAHADAH : 10.01.61 H : 11.10.680 CE : MONDAY

Zaynab (R) and Umme kulsum (R) took care of the injured and the martyrs , for which the birthday of Zaynab (R) is celebrated as “Nurses' day“ and Umme Kulsum (R) is referred as Zaynab Junior. They established mourning ceremonies “MAJLIS” in memory of the martyrs.

This tradition which has lived in the memories and hearts of millions of Muslims to this day has kept the sacrifice of Imam Husayn (R) alive and brought dynamism to every moment that aimed at removing impositions on earth.

MARTYRS OF KARBALA”**

AUTHOR'S NOTE

I hail from the Silicon Valley of India Bengaluru, and born to Hazrath Syed Abdul Kareem and Bibi Meharun Nisa, who belonged to the noble profession of teaching at Tumkur. I obtained a Post Graduate degree in Physics in the Year 1977 from the prestigious Mysore University, Mysuru . Being a teacher by inheritance and nature , as I was born with the teacher's square on the palm , served in many colleges for over a decade in 1980's as lecturer and later as visiting professor . I am a life member of the Indian Association of Physics Teachers .

“ The JHS Institutions ” is our brain child . I am the Chairman and my spouse Mrs. Syeda Shahwar Banu is an Awardee and Founder Principal of this pet establishment since 1979 .

Further the desire to take up research made me to become the life member and Fellow of United Writers' Association of India in the year 1988 and completed my research on the subject ' Soluble models for the development of 3D technology ' , which is used in the present day Televisions , Cell Phones etc. I was awarded Ph.D in theoretical physics from The International University, California, USA in the year 1992 .

Since 1993 , I turned my attention on the development of academics in my pet establishment and brought out many publications on physics , which includes the most famous ' Physics made simple ' series first published in 2007 and saw a number of revised editions . I have authored many couplets and poems in different languages , essays on Creator , Creation , Universe etc.

The study about Vastu as well as Feng Shui and my observation on the master plan and construction of Holy Kaaba , built by angels on the elevated land at the time of creation are found to be indistinguishable , even though it happened 4.54 billion years ago .

Further , my passion for mathematics leads me to study the Arabic Numerology (Abjad) , which in turn helps in learning about the characteristics of numbers and individuals as well .

On account of my frequent visits to Makkah as well as Madina and constant study in the field of scientific knowledge of the universe made my natural philosophical instinct to think about the Creation and Creator . And I was successful in gathering the truth from ' The Holy Book Quran ' which mentions “ Heavens are created from NOOR (Light of unimaginable intensity) and universe from heat ”, which bears testimony with my research on heat and light radiations which led to the following :

- **Discovery of Universal Medium and**
- **Derivation of NEW Mass Energy relation**

The Einstein's mass energy relation $E=MC^2$, will be CHALLENGED in the near future (GOD WILLING) .

The quest to find the exact date of birth of Prophet Muhammad (PBUH) and the inability to find the exact dates either from the internet or the present Gregorian Calendar caused the formulation of the Calendar, which shows the exact dates from 01.01.0001 CE to eternity. And complementarily to find the exact dates of the previous important events from 01.01.0001 BCE to time immemorial, led to my 'Dictionary of Calendars' which exhibits all the years of existence as well as future and named as 'World Eternal Calendar'.

The very first application is obviously the date of birth of prophet Mohammad (P), which I found as Monday 22nd April 571 CE. And I have released the book 'Numeric Biography of Prophet Muhammad (PBUH)', to commemorate the 1444th birth day on 22nd April 2015. I have also authored the Numeric Biographies of Syedina Imam Ali (R), Lady Fathima Zahra (R), Imam Hassan (R) and Imam Hussain (R).

I have also authored the Numeric Biographies of Holy Saints - Ghous e Pak (R), Khwaja Gareeb Nawaz (R), Khwaja Nizamuddin Auliya (R) and Khwaja Bande Nawaz and found out their exact DATES of birth as well as DAYS of birth.

My research on their DAYS OF BIRTH has confirmed the DIVINE FACT that, ONLY prophet Muhammad (P) was born on MONDAY, where as all Saints / Messengers / Prophets, from Adam (A) to Jesus (A) have born on FRIDAY, including the ten important events that took place in the lifetime of Prophet (P).

My visit to different countries around the globe has made me get acquainted with different faith practiced by mankind and enabled me for a comparative study of the major religions of the world. As a result, I have found that, the existence of Prophet (P) earlier to ANY creation is evident from the fact that, the name 'MUHAMMAD' (P) is mentioned in the sacred scriptures of the oldest Hindu religion as well as Holy Bible, which bears testimony with

“The first to be created (soul), and last to be sent (body and soul).” In fact the Soul of Prophet Muhammad (P) worshipped billions of years in heavens before the actual birth in this world.

I have successfully found the exact days and dates of birth of Jesus Christ, Goutam Buddha, Mahaveer Jain, Guru Nanak, Sri Krishna and Sri Rama and found that they have also born on the same day – FRIDAY.

During the process of making the calendar, all the calendars got stored in my memory and I am capable of PREDICTING the day of any given date that one can imagine from time immemorial to eternity.

I strongly feel, life is a sojourn for constant quest and explorations for truth in materialistic and non materialistic worlds. I hope to live up to it (GOD willing).

WORLD ETERNAL CALENDAR

It is a very well known fact that, though mankind has progressed in all walks of life yet, failed to find the exact dates of the previous centuries in pre common or post common era . Consequently , the exact dates of the important events in the world could not be found . In fact the quest to find the exact Date of Birth of the “ Last Messenger of GOD ” caused the beginning of my research and as a sequel , I took up the research on the before common era . In this direction , an attempt has been made by me to formulate a calendar , which provides the exact dates from Time Immemorial to Eternity .

In my 60 years of life , I have dedicated seven years in the formulation of the calendar , which shows the exact dates from 01.01.0001 C E till date and extended it till eternity , for which even the internet bears testimony . In addition to this I have formulated the exact dates of the pre common era from 01.01.0001 BCE to Time Immemorial , thus creating the Calendar to exhibit all the years of existence and future .

The authenticity and collateral proof of this calendar is evident from my contemporary , Mathematician Steve Dinh (USA) , who has proved 01.01.0001 C.E as Monday by Mathematical calculations which is available on the link <http://www.searchfor/ancestors/utility/dayofweek.html> . My calendar bears testimony with his calculation of days between 01.01.0001 CE and 31.12.2015 C E as 7,35,963 .

I am very glad to say that , the reliability and validity factors of the newly formulated calendar were found out to be consistent and immaculate . It is named as ' WORLD ETERNAL CALENDAR ' or in short “ AMEEN CALENDAR ”.

The very first application is obviously about the date of birth of Prophet Muhammad (PBUH) , which I found was Monday the 22nd April 571 CE .

The known lunar dates of the important events and their corresponding Solar Dates .
